JavaScript : Statement

- ✓ A **computer program** is a list of "instructions" to be "executed" by a computer.
- ✓ In a programming language, these programming instructions are called **statements**.
- ✓ A **JavaScript program** is a list of programming **statements**.
- ✓ JavaScript statements are composed of:
Values, Operators, Expressions, Keywords, and Comments.

```
let x, y, z;      // Statement 1
x = 5;           // Statement 2
y = 6;           // Statement 3
z = x + y;       // Statement 4
```

Thank you
